2. The following is an examiner's statement of reasons for allowance: The application is allowable for the reasons set forth on pages 3-5 of the decision of the Board of Patent Appeals and Interferences, which is hereby incorporated by reference. As noted therein, the claimed invention requires, among other things, that alkylene oxide be metered in so that it's metering rate continuous operation be reached between 100 and 3,000 seconds, and that starter substance be metered in so that it's metering rate continuous operation be reached between 5 and 500 seconds. O' Connor did not explicitly, implicitly or inherently teach reaching those metering rates in those time ranges.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
